

At the January 9 Albany Board of Education meeting, Superintendent Kenneth Forry reported that as of December 15, 1972, the enrollment of students was 132 below what was anticipated when the 1972-73 school budget was adopted on August 1, 1972.

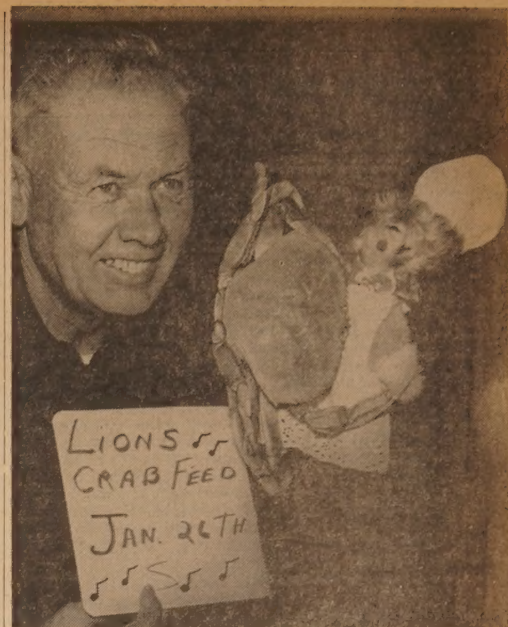

Because of the drop in enrollment, Forry explained to Board members that the District will lose approximately \$101,000 in State support, and that with the Presidential veto of Federal school funds, there would be a further loss of \$17,500.

Having expected that the income from all sources would support a reserve account of \$211,000 the Board of Education had authorized expenditures of approximately \$95,000, early in the fall. These expenditures included \$30,000 as the District's share, with the City Council, for the rehabilitation of Memorial Park, which will be due upon completion of the project.

With the loss of State and Federal money, in the amount of \$118,500, the reserve account was automatically reduced to \$92,500. Consequently, with the obligations the Board had already incurred, the reserve fund is \$2,500 in the red.

To avoid a further deficit in the reserve account, and to meet District obligations, under the State loan to replace Marin School, Superintendent Forry has asked school principals to reduce their budgets by 15 percent.

The extent and nature of the budget cuts were discussed at last night's Board of Education meeting and will be reported in full at a later date.

AC Transit Buses Adjust Schedules to Serve BART

AC Transit bus services in Albany and the surrounding area will be adjusted to provide convenient connector service to BART stations which open Monday, Jan. 29.

Six lines in the Albany area have been rerouted for start of BART service on the Oakland-Richmond line. One bus line will be discontinued.

In all, AC Transit has 87 bus lines providing service to high speed rail stations, linking cities between Albany and Richmond, Albany and Oakland, Hayward and Fremont.

In gearing up for BART's Phase II, AC Transit installed 4,514 destination signs on buses and placed 2,947 new curbside bus stop signs indicating which buses go to BART.

All of the bus system's 1,177 drivers have been retrained with classroom and behind-the-wheel instruction to assist in making changes smoothly.

Blue "TO BART" lights on the front of 350 buses inform passengers when coaches are headed for rapid transit stations. Other buses traveling to train stations have a plastic "TO BART" sign visible in the front window.

Bus service in the Albany area which will go into effect Monday, with the opening of BART includes:

Transbay Line H and HX—Berkeley-San Francisco: Lines to continue in service with no change, but will serve BART/North Berkeley.

Line 31—Richmond-Albany-Oakland: Slight reduction in peak hour runs.

Line 33/33R—Richmond-Berk-

ley-Oakland: Discontinued because of paralleling BART. Line F serves as alternate on Solano Ave. to BART/Berkeley.

Line 43/43A—Albany-Berkeley-Oakland-San Leandro: Rerouted to BART/North Berkeley.

Line 51A—Berkeley-Oakland: Rerouted via Sacramento St. to BART/North Berkeley and extended to BART/El Cerrito Plaza. Expanded service midday along San Pablo Ave. in Albany, replacing present Line 51C service.

Line 51C—Berkeley-Oakland-UC Village: Reduced service to commute hours. Replaced by Line 51A midday service.

Line 67/67A—Spruce St-Colusa Ave.: Rerouted to BART/Berkeley and BART/El Cerrito Plaza.

Line 72—San Pablo Ave.: Service remains the same along San Pablo Ave. in Albany, making connections with BART stations in Richmond and Oakland.

Also serving the Albany vicinity, but unchanged are transbay Lines F and G.

'Lateral Entry' Poses Questions

George Clouse, recently appointed as a probationary patrolman with the Albany Police Dept., is the first patrolman to be hired by the Dept. under the new "lateral entry" process, which permits the hiring of policemen with previous experience without having them undergo the usual training program.

The appointment of Patrolman Clouse, a policeman with the City of Sonoma for five years, received the unanimous approval of the Albany City Council earlier this month.

However, during the discussion, Councilman Lewis Howell expressed concern about those who now apply for positions in the department.

"What about the ones who have no previous experience?" he asked. "Will they just be wasting their time taking the examination?"

At the request of Mayor Joe Carlevaro, Police Commissioner George Hein will meet with Police Chief Ralph Jensen, and Civil Service Commission chairman, Herbert Rubin, and report back to the Council with an answer to Howell's question.

So, please be waiting to make your purchase, for \$1 you can have a box of delicious candy and help the Camp Fire program also.

SMILING amid her tears, and wearing a beautiful fresh flower lei and an orchid corsage, Bernice Boyd extends her thanks to all her many friends and business associates who gathered last week to honor her at her retirement dinner. Her husband, Carroll, is seen at her left. —Calif. Photo Service Photo.

Area Honors Distinguished Citizen On Her Retirement

"Oh, all of you lovely people... I wish I could shake hands with everyone of you," said Bernice Boyd, to the almost 250 persons gathered to honor her on the occasion of her retirement from her position as manager of the Albany branch of Security Savings & Loan.

And she did! Bernice, and her husband, Carroll, stood at the door of the Cerrito City Club, where the affair was held last Wednesday evening, and shook hands with everyone as they left, with Bernice receiving their personal wishes for happiness in her retirement and handing out good wishes of her own.

Because Bernice had been so active in community services during her 26 years in Albany, just about every club, organization and group in the area was represented among those who packed the Cerrito City Club, with those who were unable to attend sending telegrams and messages of appreciation and best wishes.

Among those sending messages were: former Albany policeman, Sigrid Oakley; Alameda County Supervisor, Joe Bort; her sister and family from New Jersey, who call themselves the Northeastern Chapter of the Bernice Boyd Fan Club; former Albany City Attorney, Bob Foley, who is vacationing in Auckland, New Zealand; and two special telegrams—one from California Governor Ronald Reagan, and the other from the White House, extending best wishes from the President, and signed by Secretary of Commerce, Pete Peterson.

Joe Dagna, former Albany businessman whose family market was directly across the street from Security Savings & Loan for many years, was master of ceremonies and gave those present a short biography of Bernice and how she got started in banking and ended up on Solano Avenue in Albany.

Joe also introduced the various dignitaries, department heads and club representatives, who presented Bernice with citations, certificates of appreciation and commendation, and special gifts.

Among the gifts she received was a "money fan," presented by the Soroptimist Club of Albany, hostesses for the affair, of which Bernice is a member and past president. The fan, a beautiful souvenir brought back from

Weather Report

"It's cold but dry"—so says our weatherman, George Bernard, who predicts more of the same, at least until tonight (Wednesday).

Rain totaling 3.48 inches fell from Monday to Monday this last week, making a total of 31.77 inches to date, as compared to 8.15 at the same time last year.

So take this opportunity to dry yourselves out a bit, George advises — we'll probably have more rain soon.

Note of Thanks

How does one begin? My heart is so full of such deep gratitude and sentiment that cannot be expressed in mere words, that I feel defeated before I start. But I shall endeavor to do my best.

I am sure no one in the world ever experienced a more wonderful retirement dinner than that afforded me at the Cerrito City Club on Wednesday, Jan. 17, 1973. Believe me, it will never leave my memory.

Although I am retiring from the Albany office of Security Savings and Loan Association, my capacity as Assistant Vice-President and Manager Emeritus of the Association will help me to the citizens of Albany and the area.

I sincerely hope you will always consider me as "your friend-in-need" (and "out-of-need"), and I hope you will feel free to call upon me at anytime.

I can only say a heartfelt "thank you" to each and every one of you who were responsible for the honored event, to those of you who were able to attend, and to those of you far and near who were unable to attend — I love you all!

May God bless you all, as He has blessed me by having such wonderful friends.

Faithfully,
BERNICE BOYD

Patrolmen Invited To Apply For Chief Position

The Albany City Council met Monday night with all five members present, and disposed of city business in a short 25-minute session.

On the motion of Councilman Lewis Howell, the Council accepted with regret the resignation of Chief of Police Ralph Jensen, as of August 3, 1973.

However, Jensen's recommendation that he be replaced by Inspector Art Smith was not accepted, but a suggestion made by Councilman Howell was:

"In fairness to all members of the Albany Police Department, I would like to see any interested Albany police officer submit his qualifications within the next two weeks. I suggest that letters containing these qualifications be addressed to the Mayor in a sealed envelope, to be opened at a future date, to be set by Mayor Carlevaro."

A letter from Joye Bruen, requesting that children in Albany be given free rides on BART next Monday was referred to City Administrator James Turner.

Turner informed Mrs. Bruen that the City had been advised by BART that they could have only 35 guest passes. Ten of those were to be designated for youth, with Albany High School to make the selection, and the balance would be for City Council members and others persons in the City Family.

The City Administrator suggested Mrs. Bruen contact the high school, as he did not think they had allotted all their guest passes yet.

A letter signed by Emil Damonte, owner of the Ivy Room;

Jack Lynch, barber; Frank Cortese, druggist; Tommy Muzinich, shoe repair store owner, and the proprietors of the Silver Spoon Restaurant, requesting the removal of at least one green zone in their Solano-San Pablo Ave. area, was referred to the Chief of Police and the City Administrator for their recommendations.

At the request of Councilman Hubert Call, the two will also check-out the safety factor involved in the diagonal parking in the 1000 block of Solano.

Nicholas Petris, regarding his fight to stop the relocation of the State Dept. of Public Health from Berkeley to Sacramento, was filed as informative. However, Councilman Howell commended the Senator, saying: "I wish him well. That's a real job trying to

One local housewife has found a unique way to discourage door-to-door salesmen: As soon as the latter identifies himself as a salesman, the housewife informs him: "You may talk to me as long as you want about your product. However, I charge \$10 an hour to listen... and my meter starts right now!"

So far she's had no takers.

Yvonne and Bob Walkup, representing the Ellis-Olson Mortuary in Albany, were among some registrants from 37 states who participated in the recent 9th Annual Management Seminar, sponsored by the National Funeral Directors Association.

The seminar, which was held in Scottsdale, Arizona, is an annual educational program of the association, which is the largest association in the funeral service.

It would seem that local Cablevision companies are having a hard time finding out just where Albany ends and Berkeley begins, as Cablecom-General closed up its Albany office and is now headquartered in the town of San Pablo.

Several homes on the Albany-Berkeley line have been wired by Cablevision, Inc., instead of Cablecom-General, who has the Albany franchise, soooo, now maybe they'll better get Dennis Donroe back — at least he knew where it was at.

Along with the suggestion made last week, concerning writing excuses for local high school students... One mom suggests new Adult Education class, to be called "How To Cope With High School P.E. From the Adult Point of View."

Commenting on the fact that students are usually given only 5 minutes to shower and dress after an arduous gym session, she said, "I tried to shower and dress

WHAT ARE WE?

Since we opened two weeks ago, many people have wondered what we are. Why do people come to CONVERSATION?

Our satisfied customers tell us they come mainly for two reasons: some occasionally want to talk to a sympathetic stranger about everyday problems, and don't really feel that they want or need professional help. Others enjoy being able to come in and talk to someone warm, intelligent, and interesting, over a good cup of coffee.

But the fact of the matter is, since we ARE an entirely new idea, it takes time for the word to get around. So we want to make it easier for you to know us. From now through Monday, Jan. 29, bring in this ad, and we'll give you \$2.00 off on your first half-hour. We're looking forward to conversing with you.

Nichols' Speech First Place Winner

Competition was keen at Albany's Veterans Memorial Hall last Wednesday night, when Bob Nichols, Albany High School senior won first place in the annual American Legion Public Speaking Contest.

Bob's winning speech was entitled "The Constitution, A Timeless Document Is a Way of Life," and according to his coach, Richard Hillman, former Albany High School speech teacher now retired, "Bob only has two more hurdles to win the state championship, then on to the \$8,000 scholarship which goes to the national winner. I am sure Bob can do it this time."

Tight Boots For Ladies

Ladies who wear high, tight boots may find themselves with swollen veins — as well as the "wet look" — so says a doctor in an article written to the Journal of the American Medical Association.

He reports a "large influx" of women in his practice with symptoms of thrombophlebitis, which can lead to blood clots in the leg. Once the fashionable boots are "given the boot," the symptoms vanish, says the doctor.

Local Riders

Lose Bus No. 33

Local riders of AC Transit Bus No. 33, have lost their fight to have the express line continued. The line is scheduled to be discontinued as of January 30, because it parallels much of the BART service between Richmond, El Cerrito, Albany, Berkeley and Oakland.

The line, however, will be kept open through BART's first day of service between Richmond and Oakland, scheduled for Monday, January 29, to carry passengers who might be left without transportation during opening ceremonies.

The abandoned line operates between Oakland and Berkeley, with service extended to Albany, El Cerrito and Richmond during peak hours.

Albany Man Gets Coast Guard Post

Gus Marinello, Commodore of the U.S. Coast Guard Auxiliary, Twelfth District, has named William G. Morgan of Albany as Captain for 1973 for Division II, comprising flotillas in Oakland, Berkeley and San Pablo.

The Coast Guard Auxiliary is made up of pleasure boatmen who are concerned with water safety. Consistent safety patrols in the San Francisco Bay and Sacramento-San Joaquin Delta areas are just one phase of the Auxiliary's efforts in assisting the Coast Guard.

Students Hold Birthday Hike

Sixteen Cornell School 4th graders, under the supervision of their teacher, William Gubser, celebrated the birthday of Martin Luther King last week, with an Ecology Hike.

The youngsters took an eight-mile hike to the Berkeley-Albany Bay shoreline, and as a result, the Albany waterfront is much cleaner. The children managed to collect five pounds of aluminum cans, plus other assorted litter.

The project won the approval of at least two people — one gentleman observing the clean-up crew, gave Mr. Gubser \$5 to buy ice cream for all the workers. Mr. L. Bice, area Pollution Control Inspector, also gave his approval and appreciation to the young students.

The children had fun, too, and one could always tell when a boy uncovered a crab — by the screams of the little girl's nearby.

Students making up the work-party included: Tom Van Zile, David and Carl Gaskins, Mike Santos, Toni Nichols, Denise Diani, Danny Fernando, Jeff Fisher, David Gibson, Karen Granger, Tracy Reed, Eric Splith, Mike Stamps, Larry Burgess and Molly McBride.

Trailering Advice

This year thousands of families will trailer their way across the country, and many who will be trailering for the first time may not be aware that state and private parks offer special electrical and water connections for trailers.

Unique, new informational maps are now being offered by oil company dealers, automobile clubs, and state and federal park agencies.

The maps pinpoint parks and other camping sites, naming the facilities available, nearby shopping, restaurants, etc., as well as indicating which service stations offer a "sanitary disposal" service at no charge.

With such maps, trip-planning is easier than ever before. Because facilities vary widely, it is suggested that stops be planned well in advance.

Church News

Mrs. Leslie Burman of Albany has been elected president of the Berkeley-Albany Church Women United.

Named to serve with her are: Mary McKenna, first vice-president; Mrs. Herman Kregel, second vice-president; Mrs. Charles Stewart, recording secretary; Mrs. Lucille Lane, corresponding secretary, and Mrs. Raymond Jennings, treasurer.

Chairmen who will also be serving are: Christian World Relations, Mrs. David Napier; Christian Social Relations, Mrs. Eugene James; Christian World Missions, Mrs. Henry Edson; Finance, Marjorie Bonthron, and communications, Norma Stauffer.

A spiritual dimension to the overcoming of turmoil was discussed by Joseph G. Heard, Christian Science teacher from Miami, Florida, when he gave a talk entitled "We Thy People," before an audience of local Christian Scientists at the Second Church of Christ, Scientist in Berkeley.

Mr. Heard, a former practicing attorney and a member of the Florida Bar Association, is well known to young Christian Scientists, having spoken at several hundred universities in North America, Europe, and South America.

Pastor Larry R. Campbell, of the First Baptist Church, will bring the message to the 11 a.m. service Sunday, when he discusses "The Peace of God."

The Senior Choir will sing at this service, and nursery care will be provided for all preschool children.

Marital Farce At CCC The

The Contra Costa Civic marked another first when their curtain was the West Coast Premiere of the new, space-time marital infidelity, "How'er Half Loves."

Directed by Betty M. the comedy, which topped its thousandth performance in London, stars H. Wright, Kay Hutchinson, Don Carr, Ralph Mills, Leavitt and Ann Armon.

The space-time trick of the comedy is simply that the audience see two couples inhabiting the same living room at the same time. The gimmick, in fact, believe it or not, couples are entirely new each other's presence.

"How the Other Half" will run every Friday evening through January 24, at the Contra Costa Theatre, 951 Pomona. Curtain time is 8:30 p.m. For reservations, please call 9132.

Visitors are most at all services.

The color film "Doing pel" will be shown at Albany's First Baptist Church.

The film deals with Home Mission work, by American Baptists, concluding program of long emphasis on Christ, as part of the emphasis of the church, music will be provided by Youth Choir.

ave the Dept., it will be an "up hill" fight all the way."

Mayor Carlevaro informed the Council he would like to enter a motion to commend and support the Richmond City Council for bringing both the Regional Post Office and Social Security Office to their City. Councilman Howell made the motion that a resolution be drawn up, which was received unanimously by his fellow councilmen. Councilman Call mentioned the great advantages to be gained from these installations, especially employment for many area individuals.

Under the "good of the City" the Mayor asked the Council's permission to meet with the City Administrator to draft a letter to the State Environmental Control Committee expressing the Council's feelings on the guidelines they plan to set up within the next two weeks, for state-wide environmental control.

From what he had gathered at recent meetings, Mayor Carlevaro said, these guidelines could put cities and counties in a complicated position with cities, counties, and the state—all having to have copies of environmental impact reports on file.

He also noted that, with the way conditions were set up at present, and because Albany and San Francisco waters touch, both cities may have to exchange en-

New Little League Sponsors Sign Up

Two local area companies have already answered last week's plea for new sponsors, by Albany Little League.

Easy Overhead Door Company and Esser Plumbing Company will each sponsor a boy for the coming Little League baseball season.

Curt and Elizabeth Danner have not only renewed their sponsorship, but have offered to sponsor a second boy.

Other renewals for the 1973 season include: Bayside Press, Albany Steam Baths, H. L. Moore Chrysler-Plymouth, Jeans Realty, and Jerome Blank Realty.

Boys' sponsor fee is \$15 each, or \$200 per team. Those interested in either sponsoring one boy, or a complete team may obtain further information by writing Albany Little League, Inc., P.O. Box 6003, Albany 94706; or by phoning 526-3111.

Environmental impact reports on any future construction.

Also under the "good of the City," Albany resident Roy Alegre requested a check be made on the Hoffman Blvd. area in Albany. He noted that a friend had been killed there recently, by a wrong-way driver, and having made a check himself, he found the wrong-way signs set back too far, making them hard to see, especially at night and when it is raining.

The Council meeting was adjourned, with one minute of silent prayer in memory of the late Lyndon Johnson, former President of the United States. The Mayor ordered all city flags to be flown at half mast until Feb. 21, to mark the late President's death. They have already been flown at half mast for the past 28 days in honor of former President Harry Truman.

ACCORDING TO MOST MEN—women are always talking on the phone. But in this instance, these women have a very good excuse. Putting a smile in their voices, as they line up marchers for the annual appeal, are: (standing l to r) Mrs. Gene Tenret, Cornell School chairman; Mrs. Robert Giblin, Vista School; Mrs. Arthur Kodama, Albany High School, and Judith Humphries, University Village School. Seated (l to r) are: Mrs. John Thomsen and Mrs. William Chambers, co-chairmen for Albany, and Mrs. George Daniel Vanzile, representing Marin School.

Aliens Must Report Addresses In Jan.

The Immigration and Naturalization Service is urging all aliens in Northern California, who have not yet filled out alien address report forms, to do so before January 31. This may be done at the nearest Immigration and Naturalization Service office or at their local post office.

An Immigration Service official pointed out that the law requires all non-citizens of the United States, except persons in diplomatic status, and foreign representatives of certain international organizations, such as the United Nations, to report their addresses to the U.S. government each January.

Guardians of an alien child under 14 years of age must fill out the address report form for the child, in order to comply with the law, which provides severe penalties for failure to comply.

Any non-citizen who is ill, may send a friend or relative to obtain the report form for him. It must be returned to an Immigration Office or Post Office clerk after it has been completed by the alien.

High School PTA Service Awards

Albany High School PTA will present Honorary Service Awards to two deserving citizens, during their annual Founder's Day observance, Thursday, Feb. 22, at 7:30 p.m. in the high school Little Theater.

The \$25 paid to the California Congress of Parents and Teachers for each award, goes into the State Scholarship and Loan Fund, which makes money available for students who plan a teaching career.

Free Movie Tonight

Tonight's movies at the Albany Library will be: "Discovering American Indian Music," and a short titled "How to Make a Movie Without a Camera."

The free show, which is open to the public, will start at 7 p.m., and will last approximately 40 minutes.

"Sam" S. Gill of Berkeley has recently made a significant contribution to the area's dining out scene, with his newly opened India-Kashmir Restaurant at the top of Solano Avenue.

This new restaurant adds to the growing popularity of Solano Avenue as the home of reasonably-priced restaurants featuring the ethnic foods of various countries.

Complete dinners, ranging in price from \$3.25 to \$4.95, feature a wide range of authentic curries, as well as steaks and shish-kabab, with elegant table service in a relaxed and romantic decor.

India-Kashmir is open every night from 5:30 to 9:30 p.m.

The Sewing Club of the American Legion Auxiliary Unit 292 has been busy, according to the chairman, Ruth Holland, who reports that members made 18 pairs of carpet slippers and 27 pairs of knitted boots, during the period of August through November. Articles made by these industrious gals are given to servicemen in nearby veterans' hospitals.

The following poem was written and composed by Thomas W. Young, 95-year-old resident of Ventura Ave. and a reader of the Albany Times. We would like to share it with our readers:

"God's Searchlight from Heaven"

When earthly light is fading
And night comes dark and drear,
And storms of life are raging
And strife of battle's near,
And hearts are filled with sorrow,
Bowed down by grief and pain,
The light still shines from heaven,
Filled with God's love again.

There's many a weary wanderer,
With searching eyes can see
The beacon light from heaven,
That shines for you and me.

God's searchlight from that window
Is a beam of sunshine rare,
A light that's filled
With a Father's love
And a guide to his mansion fair.

New PE Class At Albany High

A new special class, called Modified PE has been scheduled at Albany High School.

Modified PE is basically the same as regular physical education, with the class meeting every day. However, the program is financed by the government, and is for students who have doctor's statements excusing them from regular PE, and enables them to pace themselves in their activities and limits them to just what they are capable of doing without exertion.

Class activities include pool, ping pong, cards, golf, bowling, volleyball and badminton.

"This class is geared to help the student with his individual needs," said Craig Ortlieb, AHS athletic director.

Big Sisters Needed, Volunteers Invited

Volunteers are needed by the Good Shepherd Big Sister Society in San Francisco, to befriend teenage girls at the University Mount School. The school, conducted by the Sisters of the Good Shepherd, is a closed boarding school for adolescent girls, adjudicated by the juvenile courts.

Duties include visiting a girl, taking her on outings, acting as a role-example for her, and most important of all—just being a good friend in time of need. Approximately eight hours per month is all that is required to perform these duties.

All candidates must be responsible women who drive and not younger than 20 years of age. Marital status is not a factor.

Candidates for membership will receive a brief training course taught by staff members at the school. The next class begins on April 2.

For further information prospective candidates may call 586-2822.

The Board of Directors of the Society, is also a member of the Albany Board of Education.

Softener Makes Electricity Go

Stick-to-it-iveness may be a desirable trait for people... but not for clothes!

Unfortunately many garments, especially those made of synthetic fabrics, are affected by static electricity during cold winter weather.

A fabric softener added during the wash cycle will combat clinging-vine skirts and lingerie when doing your wash, says Virginia White, laundry expert.

A fabric softener can save you from constant tugging at embarrassing wrinkles, as well as make your garments smell fresh and feel soft. However, don't overuse the product. Be sure and follow the directions on the package exactly, and eliminate adding the fabric softener every fourth time you wash the garments.

Free Pamphlet On Angel Island

Free copies of a new pamphlet, "Angel Island by Boat," are now available from the Dept. of Navigation and Ocean Development, 1416 9th St., Room 1336, Sacramento.

The pamphlet contains informative information for boatmen who may be planning to visit the island, which can be visited only by private boat or seasonal ferry service, including directions for the proper use of mooring buoys and an explanation of the unique tidal current conditions around the island.

For the accommodation of visiting boatmen, a new mooring system was recently constructed in Avala Cove, more commonly known as Hospital Cove.

New Gasoline And Your Auto

During the past two years, most automobiles have been built to run on the new lead-free fuels.

Check your own owner's manual if you are uncertain. (If you have an older car, try a mixture of unleaded and leaded gasoline, gradually working towards completely unleaded on succeeding fill-ups. If there's no engine knock, you can safely use the new fuel.)

Recent studies by a leading oil company scientists have shown a two to four cent per gallon maintenance savings from using lead-free gasoline.

Also, a dirty filter can cause a noticeable drop in gasoline mileage.

You can make a check of the filter yourself, by shining a flashlight at the paperlike fiber filter. If the light fails to show through, your filter is dirty and probably clogging your air intake.

A new filter is an easy and simple way to get better gas mileage.

Driving Tips

Know how to stop skidding? If not, the California State Automobile Association offers you the following advice:

1. Should you find yourself in a skid, don't panic. Keep calm and under control.
2. Avoid breaking. Slamming the brakes on during a skid only locks the wheels, causing loss of traction and increasing the skid.
3. Steer in the direction the rear end of the car is skidding. As the car begins to straighten, straighten out your front wheels, too. When you are once again heading in the desired direction, either lightly pump your brakes to slow down slightly, or gently accelerate to continue moving.
4. Avoid oversteering. Turning the steering wheel too far whips the rear end into a skid in the opposite direction.
5. Keep the car in gear. This helps reduce speed and produces maximum control.
6. Avoid lifting your foot from the accelerator suddenly. Some expert drivers accelerate moderately to help get out of a skid.

MOST DANGEROUS

October, reports the National Automobile Club, is the most dangerous month for driving on our nation's streets and highways.

Free Course For Boaters

A free 12-lesson course in Basic Seamanship, is being offered by the United States Coast Guard Auxiliary, starting Wednesday, Jan. 24, at 7:30 p.m. at the Metropolitan Yacht Club in Jack London Square in Oakland.

The course offers boaters, and those planning to purchase a boat, the opportunity to learn basic principals of seamanship, how to use charts and compasses, the rules of the road (water), aids to navigation, and other knowledge necessary to operate a boat properly.

The Coast Guard Auxiliary is a non-profit, volunteer, civilian organization dedicated to promoting safe boating. Members participate in such public service programs as Public Education, Courtesy, Boat Examinations, and official Search and Rescue Patrols.

Protection From Bunco and Con Men

The California Department of Justice has issued the following general rules to California citizens for self-protection from bunco artists and confidence men:

1. Don't discuss your personal finances with strangers.
 2. Don't expect to get something for nothing — especially from strangers you meet on the street.
 3. Don't draw cash out of a bank at the suggestion of a stranger.
 4. Do call the police and report any such approaches by strangers, as outlined above.
- The above rules are from the Dept. of Justice Information Pamphlet No. 3, "On Guard—A Guide for the Consumer."

We will be better off, start scheduled service. Trains will run less than now, probably not at night or weekend regular (on time) so when to flinch or pull plugs. Be prepared!

Santa Fe's spur line noisy, though a romance to suburban life. I have written to AT&SF, asking to refrain from long sary horn blasts, especially at night. Will they? Maybe you can help ensure on.

Also, why does the Albany, or BART, waste strip along the elevator while it's drizzling, freezing? This happened on Jan. 12, at midnight, many other times.
